🔗 [LinkedIn](#)

## SKILLS

- Web Technologies(HTML5, CSS, JS)
- React JS
- Tailwind CSS
- Bootstrap
- Python
- SQL & MySQL

## LANGUAGES

- English: Fluent
- Hindi: Fluent
- Marathi: Fluent

## FREELANCE PROJECTS

HAR GHAR CHANDAN E-commerce Web Application

MAR 2024 - MAY 2024

- Engineered a comprehensive e-commerce platform, Har Ghar Chandan, leveraging ReactJS.
- Architected and integrated core functionalities including dynamic product cataloging, secure user authentication, and a robust shopping cart system.
- Crafted and optimized a responsive user interface using HTML5, CSS3, and Bootstrap, ensuring a consistent and seamless user experience across diverse devices and screen sizes.
- Implemented Redux for sophisticated state management, enabling efficient handling of complex application state. Ensured website performance and security best practices were followed.
- Adhered to industry-standard performance optimization techniques and security best practices to ensure the website's reliability and protection against vulnerabilities.

## WORK EXPERIENCE

Quality Kiosk

Associate Software Engineer

SEPT 2022 - PRESENT

- Designed and developed interactive user interfaces using React JS, enhancing user engagement and satisfaction.
- Implemented state management solutions using Redux, ensuring efficient handling of complex application states.
- Built reusable components and front-end libraries for future use, optimizing development efficiency and code maintainability.
- Integrated RESTful APIs to enable seamless communication between the frontend and backend, supporting dynamic data interactions.

## CERTIFICATIONS

- Graphics & Web designing from IDEMI
- Web Development from Udemy
- JavaScript developer from Programming HUB

- Optimized application performance through code-splitting, lazy loading, and other best practices, resulting in faster load times and a better user experience.
- Conducted comprehensive testing using tools like Jest and Enzyme to ensure code quality and application stability.
- Collaborated with designers and backend developers to create a cohesive and user-friendly application experience.
- Participated in agile development processes, including sprint planning, stand-ups, and retrospectives, to ensure timely and efficient project delivery.
- Provided technical guidance and mentorship to jr developers, fostering a collaborative and supportive team environment.
- Stayed current with industry trends and advancements in React JS and front-end development, continuously improving skills and knowledge.

## SELF DECLARATION

I hereby confirm that the information in this document is accurate and true to the best of my knowledge
